

GREG AVESIAN

DIRECTOR, BUSINESS PROCESS SOLUTIONS

Greg Avesian has over 25 years of experience implementing process improvements throughout the Automotive, Aerospace & Defense, and Legal Service industries. He currently serves as the Director of Business Process Solutions for eVantage Services, a shared service function supporting the Orland Group of companies. In this role, Greg is leading the training & implementation of Lean Six Sigma throughout the organization. He previously served as Director of Information Systems for Burttek Inc., a military defense contractor serving the aerospace & defense industries. Mr. Avesian has also served in leadership roles at Textron, Inc. and Chrysler Corporation.

Before joining Burttek Inc., Greg was an Information Technology and Lean Six Sigma consultant. Some of his key clients included: Ford Motor Company, the City of Detroit, and the University of Notre Dame.

As a senior leader for Textron, Inc., a \$13B multi-industry company with more than 44,000 employees in nearly 40 countries, Greg served in a variety of IT Leadership roles including: Vice President Enterprise IT Security, Vice President Enterprise Infrastructure & Security, Chief Security Officer, and Vice President of Information Systems for Textron's \$3B automotive business segment, a position he held since joining Textron in 1998.

Prior to joining Textron, Greg spent 14 years at Chrysler Corporation. While at Chrysler, he held numerous information and engineering technology-related positions, culminating in his final position as Manager of the Technical Computer Center. Before joining Chrysler, Greg spent 2 years at NASA's Goddard Space Flight Center where he provided computer programming and simulation support to members of the scientific research team.

Mr. Avesian received his BS and MS degrees from the University of Michigan and his Executive MBA from Michigan State University. He has completed Textron's Global Leadership development program at the University of Pennsylvania's Wharton School.
